

J. L. FILBEY & SONS LLC

UEI: RKQ9ZHCW8P57
CAGE: 9UE69

Overview

We are a federally approved contractor with DoD clearance, UN contractor status (UNGM #1087156) and IDB approval, providing disaster relief and sustainable affordable housing. We operate in all 50 States and territories of the US, and globally with governments, local entities, and private enterprise. Our system enables the recipients of the house to be a part of the build if they are able, and allows unskilled able-bodied community members to acquire new skill sets they can take beyond the project and into the employment sector. Our units are fully self-sustaining, with no connection needed to a sewage system or power grid, and integrated rainwater capture. A standard 800 SF 2 bed 1 bath unit can be built in 45 days.
